02. PERFOMANCE OF THE DEPARTMENT

2.1 Key Achievements

- A policy framework for appointing of public Customs bonded Warehouse under section 69 of the Customs Ordinance has been introduced in 2016 whereas there was a policy gap in the appointment of private Customs bonded warehouse. In the year 2019, this Department was able to formulate a new policy framework for the private Customs bonds in consultation with stakeholders, fulfilling the policy gap existed relating to the private Customs bonded warehouse.
- As per Section 19(A) (i) of the Customs Ordinance, Minister of Finance has powered to waive off Customs duty on importation of any items or goods. Details of all duty waivers granted under section 19(A) (i) should be published in the Gazette and be tabled in the Parliament as soon as possible after its publication in the gazette.

Due to delay of receiving the details of waived - off duty from the Department of Customs from year 2011 to 2017, the Department of Trade and Investment Policy had not been able to publish such details in the Gazette.

However, with in the pursued effort in the last year, the Department was able to publish all due details of the duty waivers during the period of 2011 to 2018 in the Gazette and table at Parliament. In addition to that, the Department has introduced a new process to collect information on time from Department of Customs on the duty waived.

2.2 Trade Policy

Sri Lanka's Trade Policies are aimed at the improvement of domestic productive capacity and trade performance, revitalize the nation's integration in global and regional markets, raise the living standards of the people and accelerate the nation's long-term economic growth rate.

The foreign trade is an integral part of the economy which aims at integrating Sri Lanka with the global economy within the positive attributes of external trade, while facilitating the interests of the domestic industry.

Tariffs and other border levies are main tools of creating level playing field for trade in goods in the market and there are hardly any barriers or impediments such as licensing and quotas on either imports or exports. The tariff policy of the government aims at providing a transparent and predictable framework for all stakeholders in the foreign trade sector. Sri Lanka's tariff structure ranges from 0% to 30% under a three band structure with rates being 0%, 15% and 30%. This is in fact apply as 0% mainly for essential goods and basic raw materials, 15% mainly for intermediate products and 30% mainly for other finished products.

2.3 Trade Agreements

Bilateral and multilateral /plurilateral trade agreements are beneficial in enhancing commercial relationships and facilitation of trade and investment by reducing/eliminating tariffs, import quotas, export restrictions and other trade barriers. Trade agreements often include investment guarantees and can also help to minimize trade deficits. The economic gains from international trade could be reinforced and enhanced when many countries or regions agree to a mutual reduction in trade barriers. Sri Lanka is a signatory for number of trade agreements;

> Trade agreements at active level

- India Sri Lanka Free Trade Agreement (ISFTA)
- Pakistan Sri Lanka Free Trade Agreement (PSFTA)
- South Asian Free Trade Agreement (SAFTA)
- Asia-Pacific Trade Agreement (APTA)
- Sri Lanka Singapore Free Trade Agreement (SLSFTA)
- > Trade Agreements at negotiation level
 - Bay of Bengal Initiatives for Multi Sectoral Technical and Economic Cooperation Agreement (BIMSTEC)
 - Economic and Technical Cooperation Agreement (ETCA)
 - China Sri Lanka Free Trade Agreement (CSLFTA)
 - Sri Lanka Thailand Free Trade Agreement

At the earlier stages of the trade liberalization Sri Lanka entered into a few bilateral and multilateral / plurilateral Free Trade Agreements which were mostly focused on liberalization of trade in goods. Free trade agreements such as India - Sri Lanka Free Trade Agreement (ISFTA) and Pakistan - Sri Lanka Free Trade Agreement (PSFTA) are examples for Bilateral Free Trade Agreements. South Asian Free Trade Agreement (SAFTA) and Asia-Pacific Trade Agreement (APTA) are Plurilateral Free Trade Agreements to liberalize trade in goods. At the later stages this had developed focussing several sectors such as trade in services, investment and Customs Corporation.

The macro objectives of trade agreements to Sri Lanka is achieving high per capita income, promoting Sri Lanka as a trading and investment hub in the region while protecting and developing its potential industries in a competitive trading environment. High priority was given to attract appropriate investments and to create a favourable environment for trade in services through formulating frameworks for comprehensive economic cooperation.

2.3.1 Performance under Trade Agreements

Department of Trade and Investment Policy in consultation with the Department of Commerce has carried out appropriate follow ups to implement tariff revisions under the trade agreements. Accordingly, following performance was recorded during the period under review with regards to the implementation of trade agreements including Tariff Liberalization Programme (TLP).

2.3.1.1 Trade Agreements at Active Level

2.3.1.1.1 India-Sri Lanka Free Trade Agreement (ISFTA)

The India-Sri Lanka Free Trade Agreement (ISFTA), which was signed on 28th December 1998 and entered into force with effect from 1 March 2000, aims at promoting economic linkages between India and Sri Lanka through enhancement of bilateral trade and investment where the investment has been facilitated by the bilateral investment treaty between Sri Lanka and India. The ISFTA covers only trade in goods and requires the two countries to offer market access for each other's exports on duty free basis or on concessionary basis.

Performance of the ISFTA during the year 2019 are as follows;

In 2019, the following HS Codes show the top five imported products based on Cost-Insurance-Freight (CIF) value under ISFTA.

The table shows that there is a decline in imports by Rs. Mn. 2,568 in 2019 compared to the previous year whereas the exports increased by Rs. Mn. 4,987. In addition, it is observed that the trade surplus in 2019 increased by Rs. Mn. 7,555 in comparison to 2018.

The ISFTA is under review in order to further facilitate trade between two countries at the meetings of Economic and Technical Cooperation Agreement (ETCA). In this context, discussions had been carried out with the participation of stakeholders by the Department of Commerce though there was a slowdown in the negotiation process in 2019.

As a matter of fact, few issues regarding HS Codes for bicycles have been worked out with the consultation of relevant stakeholder organizations and ratified in timely manner.

2.3.1.1.2 Pakistan - Sri Lanka Free Trade Agreement (PSFTA)

The Pakistan Sri Lanka Free Trade Agreement (PSFTA), which came into force on 12th June 2005, a substantial improvement in trade has been recorded since the Agreement came into force. Pakistan implemented its final phasing out commitment in March 2009. Hence, Sri Lanka has duty free market access for more than 4500 products at present. Sri Lanka has also completed all her phasing out commitments in November 2010.

Performance of the PSFTA during the year 2019 are as follows;

In 2019, the following HS Codes show the top five imported products based on CIF value under the PSFTA.

2.3.1.1.3 South Asia Free Trade Agreement (SAFTA)

The SAARC Preferential Trading Arrangement (SAPTA) was signed in April 1993 and came in to force in December 1995. The SAPTA aimed at promoting mutual trade and economic cooperation among the member countries through exchange of concessions.

However, the member countries recognized the need to progress beyond a preferential trading arrangement and move towards a higher level of trade and economic cooperation in the region. As a result, the SAARC Council of Ministers signed a framework Agreement on South Asian Free Trade Area (SAFTA) in January 2004 in Islamabad. The SAFTA entered into force on 1st January, 2006.

Under the Tariff Liberalization Programme (TLP) of the SAFTA, the Phase I was completed in 2015. Sri Lanka is committed to liberalize several items of negative list similar to other member states of SAFTA under the phase II of SAFTA Tariff Liberalization Programme. In this respect, remaining list of items coming under Non – Least Developed Countries (NLDCs) have been identified to liberalize under the final stage of phase II and to be implemented in near future. After completion of Phase II, all member countries were planning to implement Phase III will be implemented in accordance with the mutual agreement between member countries. SAARC – ADB forth special meeting on Regional Economic Integration Study (Phase II) was held on 24 -25 June 2019 in Kathmandu. The meeting was attended by all the member states of SAARC including representatives of SAARC Secretariat and Asian Development Bank (ADB) in order to discuss on trade in services.

2.3.1.1.4 Asia Pacific Trade Agreement (APTA)

The Asia Pacific Trade Agreement (APTA), formerly known as Bangkok Agreement and was signed in 1975, is one of the Asia's oldest plurilateral preferential trade agreements with six participating States namely Bangladesh, People's Republic of China, India, Lao PDR, Republic of Korea and Sri Lanka.

APTA is a dynamic plurilateral agreement which has been instrumental in producing a favourable outcome to Sri Lanka. It is particularly important for Sri Lanka as it is the only trade agreement that facilitates Sri Lanka to do trade with fast growing economies such as People's Republic of China and the Republic of Korea.

At present, Sri Lanka has liberalized 644 tariff lines (HS 2017 version) all countries and **77** tariff lines (HS 2017 version) for least develop countries after the 4th round of implementation of APTA. In 2019, 54th, 55th and 56th session of the APTA Standing Committee (SC) held on to finalize modalities for the 5th round negotiations of APTA. Coverage and Margin of Preference (MOP) of Sri Lanka for the 5th round negotiation has not submitted yet.

Performance of the APTA during the year 2019 are as follows;

In 2019, the following HS Codes show the top five imported products based on CIF value under APTA.

2.3.1.2 Trade Agreements at Negotiation Level

2.3.1.2.1 Bay of Bengal Initiatives on Multi - Sectorial Technical and Economic Co-operation (BIMSTEC)

The Bay of Bengal Initiative for Multi-Sectoral Technical and Economic Cooperation (BIMSTEC) is a regional organization comprising seven Member States lying in the littoral and adjacent areas of the Bay of Bengal constituting a contiguous regional unity. This sub – regional organization came in to force on 6 June 1997 through the Bangkok Declaration. It constitutes seven Member States: five deriving from South Asia, including Bangladesh, Bhutan, India, Nepal, Sri Lanka, and two from South East Asia, including Myanmar and Thailand. The regional group constitutes a bridge between South and South East Asia and also establish a platform for intra-regional cooperation between SAARC and ASEAN members.

The main objective of BIMSTEC is to promote technological and economic cooperation among South Asian and South East Asian countries along the coast of the bay of Bengal. BIMSTEC is a sector-driven cooperative organization. Starting with six sectors including trade and investment, technology, energy, transport, tourism and fisheries for sectoral cooperation in the late 1997, it expanded to include more sectors including agriculture, public health, poverty alleviation, counter-terrorism, environment, culture, people to people contact and climate change in 2008.

Trade and Investment was one of the initial six sectors of BIMSTEC cooperation. Under this the Framework Agreement on the BIMSTEC Free Trade Area was signed in Phuket, Thailand on 08 February 2004 and came into force on 30 June 2004.BIMSTEC Trade Negotiation Committee was created in 2004 (under the permanent Chairmanship of Sri Lanka) which has since held 20 rounds of negotiations. Trade Negotiation Committee initiated negotiations on number of Framework Agreement namely, Trade in Goods, Trade in Services, Investment, Cooperation and Mutual Assistance in Customers Matters, Rules of Origin and Operational Certification Procedures, Trade Facilitation.

21st meeting of the BIMSTEC Trade Negotiating Committee (TNC) had been held in Dhaka, Bangladesh on 18-19 November, 2018. In this meeting, it was decided to prepare the offer lists as per modalities agreed at the 19th Meeting of the TNC and transpose the offer list into HS 2017 version. Further, it was decided to prepare the schedules of concessions on the basis of tariff applied as of 01st August 2017. In addition, it was decided to use base rates of Tariff Elimination/Reduction which was applicable on 01st August 2017 and the member states who wish to revise their offer list are allowed to do so within the agreed modalities, provided that member states may interchange tariff lines among the tracks up to 10% of the tariff lines from the schedules submitted earlier. Further, discussions have not been organized in 2019 and no progress took place.

At the 4th BIMSTEC Summit held in August 2018 at Kathmandu, Directions has been given to explore the possibility of establishing a BIMSTEC Development Fund (BDF) with voluntary contributions from the Member States in order to utilize them for research and planning of BIMSTEC and for financing of projects.

Second meeting of the BIMSTEC Working group on trade facilitation (WG-TF) has been held on 29-30 September 2019 in Dhaka, Bangladesh to discuss the draft text of the Trade Facilitation Agreement under BIMSTEC. Observations had been submitted on above text in consultation with relevant organizations.

2.3.1.2.2 Proposed Economic and Technical Cooperation Agreement

The Economic and Technology Co-operation Agreement (ETCA) is a proposed diplomatic arrangement that seeks to add to the existing free trade agreement between India and the Sri Lanka, the ISFTA. Prime Ministers of both countries agreed to negotiate an Indo – Lanka Economic and Technology Cooperation Agreement, during the Sri Lankan Prime Minister's visit to Delhi, in September 2015. There are 11 rounds of negotiations held between two countries till now. The last (11th) round of negotiations on ETCA was held from 3rd to 5th October 2018 in Colombo and in 2019. After the 11th round, the negotiation process has not continued further.

2.3.1.2.3 Proposed China - Sri Lanka Free Trade Agreement

On the recommendation of joint feasibility study between China and Sri Lanka in 2014, negotiations for China – Sri Lanka FTA has been initiated in 2017. Under this, 6 rounds of negotiations had been completed. The two sides exchanged views on issues concerning trade in goods, trade in services, investment, economic and technical cooperation, rule of origin, customs procedures and trade facilitation, technical barriers to trade (TBT), sanitary and phytosanitary measures (SPS) and trade remedy. Initial discussions had been conducted with regard to trade in goods though the discussions has not been progressed since 2017.

2.3.1.2.4 Proposed Sri Lanka Thailand Free Trade Agreement

1st round of negotiations of Sri Lanka-Thailand (SLTFTA) was held in Colombo on 13th July 2018, following the launch of FTA negotiations on 12th July by heads of states of the both countries. During the 1st round of negotiations, both sides agreed on the structure of the SLTFTA, establishment of nine working groups and scope of the working groups. Information on tariff, duties and charges, currently applicable on goods, had been exchanged between two countries.

The 2nd round of negotiations of SLTFTA was held on 19-21 September 2018 in Bangkok, Thailand. During the 2nd round all working groups held discussions except for customs procedures, trade facilitation and intellectual property rights. Further discussions have not been conducted in 2019 with regard to this agreement.

2.4 Trade Facilitation

2.4.1. WTO Trade Facilitation Agreement (TFA) Background and Commitments

Trade Facilitation generally contains five essential features namely simplification of trade procedures and documentation, harmonization of the trade practices and rules, transparent information and procedures of international flows, recourse to new technologies to promote international trade and more secured means of payment for international commerce. The goal of Trade Facilitation is to make trade transactions easier, quicker, more efficient and less costly, thereby easing trade flows. By making it easier to export and import goods and services, Trade Facilitation measures also increase a developing country's attractiveness for foreign direct investment. In a global economic system that is increasingly linked in Global Value Chains, the facilitation of cross-border is of critical importance.

The Trade Facilitation Agreement (TFA) of World Trade Organization (WTO) aims at streamlining, harmonizing and modernizing customs procedures. It contains provision for expediting the movement, release and clearance of goods, including goods in transit. It also sets out measures for effective cooperation between the authorities involved in cross border trade. The TFA will help improve transparency, increase possibilities to participate in global value chains and reduce the scope for delays and circumvention.

Trade Facilitation generally contains five essential features such as Simplification of trade procedures and documentation, Harmonization of the trade practices and rules, transparent information and procedures of international flows, Recourse to new technologies to promote international trade, more secured means of payment for international commerce.

The Trade Facilitation Agreement (TFA) of World Trade Organization (WTO) aims at streamlining, harmonizing and modernizing Customs procedures. It contains provision for expediting the movement, release and clearance of goods, including goods in transit.

TFA contains following three sections.

Section I - Covers 12 different articles and contains provisions for expediting the movement, release and clearance of goods, including goods in transit.

Section II - Covers 10 different articles and recognizes the difficulties that developing and least developed countries (LDC) would face in implementing the provisions of the Agreements and it provides Special and Differential (S&D) Treatment for developing countries and LDCs. These S&D provisions allow all developing countries to determine when to implement their commitments and notify them to WTO in three categories namely category A, B & C.

Section III - Covers 02 different articles and contains provision for formation of a permanent committee on trade facilitation at the WTO and member countries establish national committees to facilitate domestic coordination and implementation of the agreement conditions.

Sri Lanka has finalized its implementation schedule under the WTO TFA with categories of A, B and C and already submitted to the WTO. Category 'A' include the provisions that the member will implement by the time the Agreement enters into force. Category 'B' includes provisions that the member will implement after a transitional period following the entry into force of the Agreement and Category 'C' includes provisions that the member will implement on a date after a transitional period following the entry into force of the Agreement and requiring the acquisition of assistance and support for capacity building. Sri Lanka is receiving technical assistance and capacity building support from the World Bank Group and International Trade Centre (ICT) for implementation of its commitments under the categories B and C under the Trade Facilitation Agreement (TFA).

National Trade Facilitation Committee (NTFC) was established in 2016 in line with the Sri Lanka's commitment to the WTO under the Trade Facilitation Agreement to facilitate domestic coordination and implementation of the provisions of the Trade Facilitation Agreement, under Article 23.2 of TFA.

The NTFC is chaired by the Director General of Sri Lanka Customs and co-chaired by the Director General of the Department of Commerce, is a 23 member committee representing 16 public sector institutions and 7 private sector institutions.

The Department of Trade and Investment Policy is representing the Ministry of Finance at the NTFC of Sri Lanka. A Secretariat to the NTFC has been established with the assistance of the World Bank Group to support the NTFC ensuring effective coordination and implementation of the TFA and any other trade facilitation initiatives in Sri Lanka.

A detailed action plan for TFA implementation was developed by the NTFC Secretariat in consultation with all relevant border regulatory agencies. The plan is for five (5) years (from 2018 to 2022). Department of Trade and Investment Policy (DTIP) has already completed the assigned tasks in the action plan.

The Trade Information Portal (TIP) and the National Single Window (NSW) are among the key priorities of the TFA action plan. Trade Information Portal (TIP) was established in July 2018.

The Sri Lanka Trade Information Portal (SLTIP) is the single stop point for all information relating to import and export to and from Sri Lanka. This Trade information Portal is hosted by the Department of Commerce on behalf of all the Government and semi-government agencies involved in the import/export process including Ministry of Finance. Moreover, to the availability of updated tariff and tax related information on the web sites of Ministry of Finance (www.treasury.gov.lk), Sri Lanka Customs (www.customs.gov.lk), Department of Government Printing (www.documents.gov.lk), Comprehensive information is available on the web site of Sri Lanka Trade Information Portal (https://srilankatradeportal.com).

National Single Window (NSW) is established under Article 10.4 of the TFA, which quotes as follows;

"Member shall endeavor to establish or maintain a single window, enabling traders to submit documentation and / or data requirements for importation, exportation or transit of goods through a single entry point. The details of operation of the single window should be notified to the WTO Trade Facilitation Committee".

2.6 Customs Bonded Warehouse Facilities

A Customs bonded warehouse, or bond, is a building or other secured area in which dutiable goods may be stored, manipulated, or undergo manufacturing operations without payment of duty. It may be operated and managed by the state or by private enterprises.

In terms of the provisions in Section 69 of the Customs Ordinance, the Director General of Customs may appoint warehouse or place, after obtaining the approval of Minister of Finance, for imported goods to be warehoused or kept as bonded cargo, having secured the duty and other levies for specific purposes under specific conditions.

There are two major categories of bonds.

$\circ \quad \textbf{Public bonds}$

Public Bond is facility established to store dutiable cargo of other importers subject to the allocation of space by the bondsman and approval of the Customs.

Private bonds

Private bond is a facility operated by Private Companies under the supervision of Customs to store his own goods without payment of duties and taxes under Customs purview. Following categories of Private bonds exists;

- Bonds for supply of goods including sugar and rice for home use and re-export
- Bonds for supply of goods to Export Oriented Enterprises
- Service Bonds, Feeder Bonds and Duty Free Shops at Seaport or Airport
- Bonds for supply of goods to Ships/Air Crafts
- Bonds under Customs Manufacture- in- Bond Scheme
- Bonds for Multi Country Consolidation
- Bonds for clearance of Unaccompanied Passenger Baggage (UPB)
- Bonds for clearance of express cargo (Courier)
- Bonds for Bunkering

A policy framework for appointing of Public Customs Bonded Warehouse under section 69 of the Customs Ordinance has been introduced in 2016 whereas there was a policy gap in the appointment of public custom bonded warehouse. Hence, the criteria applied in the public bonds policy was used in the appointment of all bonds as per the direction given in the budget speech 2016. However, the private sector bonding facility operators objected the enforcement of the criteria of minimum 50,000Sqft floor area requirement introduced in the above policy highlighting the fact that the floor area requirement of a private Bonded Warehouse should be depended on the nature of the business. They pointed out that the

enforcement of minimum floor area of 50,000 Sqft leads to an unnecessary capital and recurrent expenditure and ultimately causing inefficiency and decrease in the profitability of the business. By considering the requests of the industry to fulfill the policy gap related to the Private Customs Bonded Warehouse a new Policy Framework has been established with in depth consultation of stakeholders.

SAARC Finance Meetings

SAARC Finance was established on September 9, 1998 as a regional network of the SAARC Central Bank Governors and Finance Secretaries as agreed during the 10th SAARC Summit held in Colombo on July 29, 1998. SAARC Finance obtained formal recognition during the 11th SAARC Summit held in Kathmandu, Nepal, in January 2002.

The basic objective of SAARC Finance network is to promote co-operation among Central Banks and Finance ministries in SAARC member countries and learn from shared experiences among member countries on macroeconomic policy challenges facing the region. The broad objectives SAARC Finance included the following:

- To promote co-operation among central banks and finance ministries in SAARC member countries through staff visits and regular exchange of information
- To consider and propose harmonization of banking legislation and practices within the region
- To work towards a more efficient payment system mechanism with the SAARC region and strive for higher monetary and exchange cooperation
- To forge closer co-operation on macroeconomic policies of SAARC member states and to share experiences and ideas
- To study global financial development and their impact on the region including discussions relating to emerging issues in the financial architecture, IMF and World Bank and other international lending agencies

- To monitor reforms of the international financial and monetary system and to evolve a consensus among SAARC countries in respect of these reforms
- To evolve, whenever feasible, joint strategies, plans and common approaches in international forum for mutual benefit, particularly in the context of liberalization of financial services
- To undertake training of staff of the ministries of finance, central banks and other financial institutions of the SAARC member countries in subjects relating to economics and finance
